

Eisai Patient Support Annual Reverification Overview

This guide will provide you with information regarding the Eisai Patient Support (EPS) annual reverification process.

During reverification, you and your doctor are able to:

- Check insurance benefits for LEQEMBI® coverage
- Check eligibility for the Copay Assistance Program based on a change to insurance
- Reverify eligibility for the Patient Assistance Program (PAP) after the **December 31, 2023** expiration date

Key Dates and Important Information

Speak to your doctor about EPS annual reverification for 2024

- Annual reverification for 2024 enrollment into EPS programs starts on **November 1, 2023**. New patients enrolled in EPS after **November 1, 2023** will not need to submit a new enrollment form for 2024
- If you are a PAP patient, your doctor and infusion site of care will receive a letter on **November 1, 2023** notifying them of the **December 31, 2023** PAP expiration date
- Once reverification takes place on or after **January 2, 2024**, EPS will reach out to your doctor and provide benefit verification results and communicate any next steps
- If you are currently enrolled in the Copay Assistance Program, you will be automatically re-enrolled for 2024, pending no changes to your insurance coverage

EPS can help you determine your LEQEMBI coverage and eligibility for financial assistance programs, as well as provide additional support resources for you and your care partner throughout your treatment journey

Please see accompanying full [Prescribing Information](#) for LEQEMBI, including **Boxed WARNING**.
